

Give me Five!

Welcome to Chai Five

Five exciting hands-on educational programmes for children throughout the year.

L.J.F.C. is proud to present this opportunity for Primary School and Hebrew Class students to learn about highlights of the Jewish year in a fun and creative way.

Children will experience a whirlwind of facts, stories and explanations as they create, bake and make: listen and absorb: stimulating their mind and senses.

At L.J.F.C. we are here for you - the Jewish community. Our programmes are flexible and will be tailored for you and your needs. We are happy to welcome classes from local non-Jewish schools.

The Centre can ideally accommodate a maximum of 80 - 100 children for a two and a half hour programme, with the children rotating from one activity to another.

Our staff will help to maximise on the educational aspect of the activities.

We are now taking bookings for the

The Shavuot Experience
